"Thank you, Kelli, for your help in selling me a pump on Saturday. Your friendly communication, haste and impeccable phone manners made the purchasing process very easy and extremely swift. It's a pity that these traits seem to be lost in far too many circumstances in today's world."

Chris, Pearl Coast Construction.

“Thank you for the great service I got from David, on fixing up the issue with my motor.”

Tim Jewell, Maylands.

“A.P.S. Rewinds & Sales have been repairing/rewinding all types of machines and pumps for us for approximately 11 years. They have been most competitive in their rates when purchasing new motors and pumps and are always ready to provide excellent service and follow-up. We would highly recommend them.”
